

MODEL: R5K 6-PIN CONNECTORS - 100

R4KCONN6

FEATURES

- Insulation displacement connectors used to attach CAT5 cable to Responder 5000 stations and devices
- Allows proper cable lengths to be created on-site
- 6-pin connector uses same R4KCRIMP crimp tool

SPECIFICATIONS

Material: Housing: Black glass-filled polyester UL 94V-0
Contact: Phosphor Bronze with tin/lead plating

Size: **W:** 0.6" (15.24 mm)
 H: 0.6" (15.24 mm)
 D: 0.1" (2.54 mm)

Ratings: 250v (max) at 3.0A , 24AWG

Dielectric withstanding voltage: 600V AC rms

Insulation Resistance: 10,000 Mohm Min

DESCRIPTION

The R5K R4KCONN6 connector provides a quick attachment method for connecting Responder 5000 stations to the K-Bus. The 6-pin connector is used for both audio and visual-only systems and uses the same convenient hand crimp tool to attach CAT 5 cable to the connector. The connector is provided in poly bags containing 100 pieces each.

The connector provides a locating tab to prevent improper insertion in the station or device mating header.
