

Responder® 5000 SoE Clinical Application Specialist (CAS)

TWO DAY CLASS AGENDA INCLUDES

The two (2) day class incorporates classroom instruction, discussion and participation with additional "hands on" instruction.

- In order to become an effective Clinical Application Specialist for your Distributor, you need to be able to Talk the Talk and Walk the Walk!
 - *Who will you interact within a facility*
 - *How to present yourself as the nurse call expert*
 - *What are the important challenges facing facilities today and what initiatives are they implementing to meet those challenges*
- The effectiveness of conducting a professional needs assessment.
- How to effectively gather Needs Assessment information and compile it for your technicians.
- The effectiveness of conducting a professional in-service training class.
- Overview of Responder® 5000 firmware and how the information you gather in Needs Assessment correlates. This class is not designed to turn you into a certified programmer.
- Hands on exposure to a Needs Assessment, In-Service, Administration and Reports Manager.
